Report on Final Campus Placement for Aaditya Techtronics Pvt Ltd. on 19th March, 2019 at S. R. Luthra Institute of Management

Company Overview

Aaditya-LED is an innovative, leading Indian Company operating in the development and manufacture of LED lighting in Western Region of the country. Founded back in 2014, "Aaditya" is not only active in general lighting sector, but has already specialized exclusively in LED technology since 2015. Aaditya is one of the pioneers of the LED lighting industry of Gujarat. We combine experience, accuracy, technological progress and constant quality control in accordance with the latest standards to offer innovative and high-quality products at an excellent price and quality level.

The product range includes a wide range of LED Tube lights, Street lights, home automation systems, interior lighting and exterior lighting for commercial and industrial buildings, retail, hotels, restaurants, etc. Their extensive range of products, the fast delivery times, the outstanding price performance ratio and the option of manufacturing and packaging according to client requirements make them ideal partner. They have designed custom LED lighting solutions for some great organisations.
